Michigan Criteria for Determining the Existence of a Specific Learning Disability (May 2010)

Posting District Process for Determining SLD Eligibility:

- The OSE-EIS does not require districts to obtain local school board approval of their process or processes for determining SLD eligibility before posting.
- The posting must be kept current (reflect current school, district practices).
- Districts must minimally, post the process or processes being used at each school – so that every parent will know what criteria is being used in each grade at each school.
