

Young Illustrators Art

June 13, 20, 27, 2024
9a-12p
Ages 11 + years old

Learn the basics of creating characters for comics, games, and movies and how to bring them to life, creating your artistic legacy. Classes take place at the Kirtland Grayling location in the Art Department with Scott Rice.

Cost: \$39.

BioExplorers Camp

June 18, 20, 25, 27, 2024
12:30p-3p
Ages 13-17 years old

Biology is a big subject and is full of hands-on fun. Join us at Kirtland this summer to learn to use microscopes, and learn about how biology applies to forensic investigation, and DNA research. Participants will also learn about blood typing, animal behavior, dissection, human anatomy/physiology, and insects.

Crash Course in Automotive

June 25, 26, 27, 2024
9a-12p
Ages 14 + years old

Are you ready to learn about the automotive technician world? Kirtland Automotive instructors will teach students basic under-hood inspection and maintenance skills. The brand-new auto lab at the Kirtland Grayling location is outfitted with state-of-the-art technology that will allow students to gain insight into the automotive industry. Participants will learn about tune-ups, brake repair, computer-based diagnostics, scan tools, shop safety, and electrical systems.

Creative Writing

June 18, 2024
9a-12p
Ages 13 + years old

Students will explore habits of successful creative writers and develop routines for curious and creative thinking. Participants will work to discover their own creative voice and style through a variety of writing exercises.

Cost: \$19.

Future Nurses

June 25, 26, 27, 2024
9a-12p
Ages 12 + years old

Try out your healing hands as a future nurse. Learn to care for different types of wounds, and the miraculous process of healing. Engage in many day to day nursing scenarios taking care of patients in the high tech simulation lab.

Registration Opens
May 1, 2024
